

Appreciation to Healthcare Workers

While most of us are staying at home, essential healthcare workers in our community are putting their own lives at risk to keep us safe.

For this volunteer campaign, please send a letter of appreciation to volunteer@support.ucla.edu.

Feel free to get creative with your messages. You can address them to a general or specific group of healthcare staff. Children are also encouraged to take part in this activity. We will gather all of the messages and send them over to UCLA healthcare employees.

Together, we can express our deepest gratitude and appreciation for all their work and sacrifices to help keep us safe during this pandemic.
